

End-to-End Solutions to Deploy, Manage, Secure & Grow Your Corporate Networks

Your network is the foundation for your business. All of your business-critical applications require an infrastructure that is robust, feature-rich and always available. Beyond the fundamentals, advanced networking solutions now bring value to businesses with the flexibility of wireless access, the efficiency of Voice over IP and the convenience of wide area networking. Platform Solutions, Inc. works with you to plan, design and implement an architecture with best-of-breed IT products and services.

These offerings, coupled with our knowledge of industry standards, expertise and experience, result in an optimal network infrastructure solution that meets your needs for:

- Networked storage and enterprise computing integration
- Service-provider class network design and implementation
- Converged IP communications – IP telephony, VoIP, video conferencing over IP
- Unified messaging and call center
- Network security
- Network management
- Wireless network assessment, design and implementation

About Platform Solutions

Platform Solutions has delivered enterprise-level IT solutions to a wide variety of organizations since 2000. We specialize in advanced networking, unified communications, security, storage, virtualization, and application infrastructure solutions. As a value-added technology reseller, we partner with only best-of-breed industry leaders that meet the business needs of our clients. We use our expertise to deliver streamlined solutions customized to the unique needs of your business. Leveraging leading deployment and management methodologies from leaders such as Cisco, Microsoft and the Project Management Institute, we ensure you receive the technology solutions you require, delivered with the highest level of service.

We can provide the best-in-breed technologies to enhance your network performance and availability. To learn more, call us today!

Why Platform Solutions?

Key Benefits

- Certified technical team with extensive real-world experience
- Strong focus on customer service and satisfaction
- Broad technology profile
- Partnerships with industry-leading technology manufacturers
- Knowledge and understanding of manufacturer programs and promotions

Complementary Solutions

Security

- Assessments, penetration testing
- Network and system security
- Compliance
- Policy development and management

Storage

- Information lifecycle management
- Storage compliance requirements
- Optimized WAN storage
- Enterprise backup
- Disaster recovery
- Business continuity

Virtualization

- Server and desktop virtualization strategies
- Data center
- Storage integration

Application Infrastructure

- Email and directory services
- Application delivery
- Server monitoring technology
